RE: Application for a Special Use Permit for Outdoor Dining at Sam's Gyro restaurant at 7 South Main Street, West Hartford, Connecticut. Revised: 4/24/2015

Dear Honorable Members of the Town Plan & Zoning Commission:

Outdoor Dining Area:

The outdoor dining area for Sam's Gyro restaurant is proposed to be located on a portion of the existing concrete paver sidewalk on the tenant's property adjacent to South Main Street. The proposed plan maintains a clear path of travel along the existing right of way, as well as access to the Sam's Gyro's entry/egress doors. This application proposes a 20' long by 11' wide outdoor dining enclosure with an opening to the east. As Sam's Gyro storefront is inset 3 feet from primary building face, the outdoor dining enclosure will project 8 feet from the primary building face. The property line is 10 feet from the building. A layout of two-top bistro style tables with 16 seats is proposed. This proposal is designed to be in full compliance with the State of Connecticut Building, Fire and Health Codes. The proposed improvements are set forth on the plans prepared by UrFoRm, LLC, provided as part of this application.

It should be known; Sam's Gyro has set up and operated the same outdoor dining enclosure as is proposed in this application for the past several years. The difference now is that they have a beer and wine liquor license pending. Town Code 177 Attachment 2, Permitted Accessory Uses, Item #11 requires application for a Special Use Permit. Additionally, the previously proposed heaters have been eliminated in this revision.

March 20, 2015, Revised April 24, 2015

Town of West Hartford Zoning Code Section 177-37-2, Compliance with requirements:

A. Space definition/location

(1) The outdoor dining area shall be enclosed/defined by a freestanding metal railing system with translucent infill panels. The fence posts have base plates with bolt holes to allow anchors to be set between the existing pavers to maintain the position of the barriers.

(2) An existing building mounted retractable awning is the only proposed shading device. The awning color is black. There is 7'-9" clearance from the sidewalk to the drip edge when the awning is fully extended.

(3) No fire hydrants or hose couplings shall be obstructed.

(4) The enclosure barrier height and access openings have been designed to comply with the State of Connecticut law for service of alcoholic beverages in outdoor areas.

(5) The proposed outdoor dining area is parallel to South Main Street

B. Operations

(1) The entire proposed outdoor dining area is wheelchair accessible.

(2) The existing Sam's Gyro front entry serves as the access to the outdoor dining areas and is already equipped with a door closure mechanism.

(3) Letter from the Bloomfield-West Hartford Health District shall be provided

(4) Gas fired heating devices are not proposed with this application.

(5) No public address system is proposed with this application. (2) Dual LU43P Soffit mounted speakers with independent volume controls for background level ambient music are included and located on the plan. The decibel levels will be maintained at or below 55 decibels in the day and 45 decibels at night.

(6) The proposed outdoor dining areas are for dining only, alcoholic beverages will be adjunct to food service.

(7) The Sam's Gyro will comply with the prohibition of outdoor dining activities between the hours of 12:00 AM and 7:00 AM.

(8) The Sam's Gyro will comply with the prohibition of animals, except for service animals, within the outdoor dining areas.

UrFoRm, LLC

Members of the Town Plan & Zoning Commission

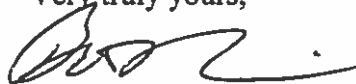

March 20, 2015, Revised April 24, 2015

- (9) Lighting level shall be limited to that level which is necessary to illuminate the outdoor dining areas for patrons and staff. Tabletop votive style L.E.D.s will provide the illumination.

C. Maintenance.

- (1) The Sam's Gyro understands that: during the season when the outdoor dining area is in operation, it shall be kept clear of litter, food scrapes, soiled dishes and utensils at all times. The entire sidewalk surface in and around the outdoor dining area shall be swept as necessary, but not less frequently than daily, and cleaned to remove greases, oils and stains by steam cleaning or a similar process on a monthly basis. Spilled materials shall be cleaned promptly. Sweeping debris or spilled materials into gutters of public streets is prohibited.
- (2) The Sam's Gyro understands that trash receptacles shall be emptied whenever full and shall be emptied at the end of each business day.
- (3) The existing awning has a drip edge located seven feet nine inches above the ground, when the awning is fully extended, and does not have writing on it.
- (4) The Sam's Gyro understands that the tables and chairs shall be of commercial grade and be sufficiently weighted to avoid displacement by wind.
- (5) The entirety of the proposed outdoor dining enclosure barriers, tables and chairs shall be stored in the basement below Sam's Gyro.

Very truly yours,

Bret Bowin, AIA

Good morning all,

I recently did a review of the renovations at Sam's. Since they are not adding any more seats for outdoor dining I would say that we are okay. The only stipulation is that he does not use the basement for food preparation, which we are going to keep an eye on.

Other than some minor sign infractions that were quickly addressed when the restaurant owner was informed about them, there have been no issues with this outdoor dining area.
